

CX30-GW1 Multi-mode In-Wall Zigbee Gateway

The CX30-GW1 In-Wall Smart Gateway is a compact, multi-mode bridge designed to unify your Zigbee, Wi-Fi, and BLE devices under one powerful hub. Engineered for flush wall installation, it keeps your setup elegant and clutter-free while ensuring fast, secure, and reliable communication between smart switches, sensors, curtains, and more. With full compatibility across leading smart home platforms, it's the invisible backbone of intelligent automation.
